

RED ELÉCTRICA DE ESPAÑA

PENINSULAR TRANSMISSION GRID

Installations programmed, under construction or in service on 31st december 2010

Lines	Circuits		Voltages
	planned	installed	
In service	1	1	400 kV
	2	1	220 kV
	2	2	132±110 kV
			< 110 kV
Under construction and planned	1	1	
	2	1	
	2	2	
Underground/submarine line	(In service)	●●●●●	
	(Under construction and planned)	—	
Lines planned for transformation to higher voltage		—	Those lines with higher tension are indicated in brackets (400 kV).
Substations	In service	○	
	Under construction and planned	○	
Plants	(Hydro)	☐	
	Fossil-fuel	☐	
	Nuclear	☐	
	Combined cycle	☐	
	Wind farm	☐
